Energy and Water Conservation Program Rebate Policy:

Section 1. Overview:

Lake Worth Utilities offers conditional rebates to qualifying customers as an incentive to install qualifying ENERGY STAR® equipment and/or appliances (referred to in this Policy as "Qualifying Equipment"). Customers benefit from Qualifying Equipment through utility bill savings and sound environmental stewardship; The Utility benefits by reducing its peak demand and reliance on power production from fossil fuels.

Section 2. Program Eligibility Criteria and Requirements:

The following criteria and requirements must be met for a customer to be deemed eligible for a rebate.

2.01. Eligible Participants:

- Only residential retail electric and potable water customers of record may qualify for a rebate.
- The resident must be a customer in good standing. If the account is not up to date, the application shall be denied.
- The Qualifying Equipment must be located on the customer's premises, and within Utility's service territory, and must receive either retail electric or potable water service from Utility.

2.02. Qualifying Equipment:

- The following provides the equipment that qualify for a rebate; the rebate amount; and the limit on the number of rebates per customer:
- Must have a capacity of at least 40 gallons.
- Rebate amount: \$25. If the purchase price, not including tax, is less than \$25.00, the rebate will be for the purchase price amount. The purchase price is calculated for the Qualifying Equipment only and does not include installation, accessories, or other related items.
- Limit one per customer account.
